

# Financial Services of Source Capital Bank

Our CBS will offer next generation of crypto-services, whilst most banks are struggling with outdated CBSs.

## Account Management

Our extensive background in cross border banking as well as our state of the art IT infrastructure will allow for the efficient onboarding of a large number of private, corporate, institutional and crypto clients

## Wealth Management

We will offer standardized wealth management solutions with different risk profiles for all of our clients. For our key clients, individual wealth management strategies will be developed

## Crypto Trading

As one of the first movers in the market, our banking license will allow us to develop a fiat/crypto/commodity trading desk at very competitive costs

## ICO Services

Due to our expertise and excellent local network, we will provide a one-stop-shop for new crypto projects which our own clients will have preferred access to

## Exclusive Membership Offer

Source Capital Bank will establish a multi-level membership system for its clients. Black-Card-Members will receive a most exclusive offering in the areas of culture, luxury lifestyle products (cars, yachts, real estate) and sports
